# MESSAGE FROM PRINCIPAL SECRETARY

Principal Secretary to Government  
Higher Education Department  
Jammu & Kathmir

**Rohit Kansal, IAS**

## **MESSAGE**

I am delighted to know that the Government Degree College, Kathua is releasing the XV edition of its Newsletter “RAVI”.

A Newsletter is like a mirror which reflects a clear picture of all activities being undertaken by an institution in the fields of academic, co-curricular, sports etc. A newsletter is also helpful in developing the creative and writing skills of the students as well as faculty. I am confident that this work will help in developing a taste for reading among its readers. It will also help to showcase the performance of the Institution before the general public.

I extend my best wishes to the Principal, the faculty, the editorial board and others who are associated with the publication of this Newsletter.

  
(Rohit Kansal), IAS

# MESSAGE FROM DIRECTOR COLLEGES

Director Colleges  
Higher Education Department  
Jammu & Kathmir

**Dr. Yasmeen Ashai**

I am glad to learn about the latest issue of the newsletter '**RAVI**'- brought out by Govt. Degree College Kathua. Established in 1961, it is one of the leading colleges of the region with more than 4500 students on rolls in diverse streams of Arts, Science, Commerce, BCA, BBA and Home Science.

The stated vision of the college is to emerge as the pre-eminent institution for "learning, research and innovation, fostering intellect, creativity and righteous values among the stakeholders" which is also reflected in this newsletter. The college provides a congenial atmosphere for students to excel in both curricular and extra-curricular activities as showcased in the newsletter. Students have been actively participating in debates, seminars and workshops. They have also been participating in various sports events.

The college has a well qualified and dedicated faculty assisted by an equally committed non-teaching staff. Growing from strength to strength, the institute has a robust infrastructure in place with modern facilities available in the laboratories, computer centre and library. Under the able leadership of Principal, Prof. Sumanesh Jasrotia, the college looks well on course of achieving its stated objective to ensure holistic development of students.

I congratulate the editorial board for bringing out this edition of '**RAVI**'. I also take this opportunity to convey my best wishes to the staff and students of the college.

**Dr. Yasmeen Ashai**  
Director Colleges

## FROM PRINCIPAL'S DESK

**I**t gives me immense pleasure to work as Principal GDC Kathua. It is a very prestigious institution with such a large infrastructure. It is the largest institution in Jammu Division with a student strength of 4465, both boys and girls. The number of girls is on the higher side as compared to the boys. Total land area of the institution is 24.4 acres. Hostels are available both for boys and girls. The institution is running both Arts and Science Streams. Other than this B.Com., BBA, BCA and Home Science is also running in this institution. Teaching faculty of this institution is working tirelessly for the better academic growth of the students. Non teaching staff members are providing their wholehearted support in making this institution a prestigious one. Sports and games are making this institution more attractive for the students. NCC Boys, Girls and Naval wing is the real strength of this institution. NSS with three full fledged units are adding more colours to this institution. Career Counselling and Placement Cell of the college is providing all sorts of support to the students to choose their career options in a better way. Centre for Women Studies is making all out efforts to provide full support to the girl students in their studies and organizing activities related with better growth of these students. It is a golden opportunity for me to take this institution to new heights with the support of efficient teaching and non-teaching staff members. Together we will make this institution a better learning place for all the students who come from far off places to study in this prestigious institution.

**Prof. Sumanesh Jasrotia**

Principal  
GDC Kathua

## FROM EDITOR'S DESK

**“The ignited mind is the most powerful resource on earth”** said Abdul Kalam, our former President. It gives me immense pride to retrospect on all our numerous achievements through the gone year. Imbued in the high values of a well-rounded education at GDC, Kathua we celebrate the achievements of our students, faculty and our beloved institution in this newsletter, an annual endeavor of the college. This is a record of all our activities during the academic session 2021-22 as well as the accolades and memorable moments that add color and nostalgia to the multifaceted nature of life in this institution. It has been an exceptionally challenging session but I commend the sheer hard work and enthusiasm of all students, who have joined hands with us to be warriors against Covid 19, emerging winners. We have organized webinars, online events, debates and competitions, initiatives of committees. We have maintained our belief in community outreach and selfless service through the activities of the National Service Scheme (NSS), National Cadet Corps (NCC), Eco Club, Red Ribbon Club and Women's Study Centre . Academia during the pandemic crisis has continued with passion and fervor. We have shifted to digital platforms and knowledge exchange has been consistent through interactive online classes and regular mentoring of students at every level. Success and achievements are to be celebrated. If you believe in yourself, you can do something extraordinary in life and 'make things happen' and live a life unshackled by fears. I believe that achievement, of whatever kind is, the crown of effort. With the aid of self-control, resolution, purity of purpose and well-directed thought, a person will excel, in spite of all odds.
